MTAiQ | LEADING AUTOMOTIVE INNOVATION

MEMBERSHIP

The Motor Trades Association of Queensland (MTA Queensland) was established in 1929 and is the peak body representing the retail, service and repair sectors of Queensland's automotive industry. Member benefits include:

- **Advocacy:** We will represent you to state and federal governments on BIG issues affecting your business and the industry
- **Services:** Receive FREE expert advice on Workplace Relations matters
- **Training:** Receive 20% off selected courses. Non-accredited short courses are available for MIG Welding, Vehicle Maintenance, Advanced Driver Assistance Systems and Auto Camp (a school-holiday program for high school students)
- **Support:** We offer savings, education and information through our corporate partners, online resources, webinars, weekly communication bulletin, jobs board, *Motor Trader* e-magazine, micro-credentials and a suite of add-on services
- **Innovation:** Stay at the front of cutting-edge information and business solutions connected to the automotive digital revolution with access to events and MTAiQ

PROFESSIONAL CIRCLE

Trust the Motor Trades Professional Circle.

Trust MTA Queensland members who display this sticker.

MTA Queensland members are committed to ten Member Values:

Honest | Professional | Transparent | Courteous | Integrous | Caring | Innovative | Proactive | Accountable | Compliant

MTAiQ

MTAiQ is Australia's first automotive/mobility innovation hub which offers an eco-system that supports innovation, research and business opportunities in the motor trades.

MTA INSTITUTE

The MTA Institute is the leading automotive provider for training and apprenticeship delivery in Queensland, offering nationally recognised training in technical, retail and the aftermarket sectors. MTA Institute was the winner of the Small Training Provider of the Year at the 2019 Queensland Training Awards.

APPRENTICESHIPS AND TRAINEESHIPS

The MTA Institute offers a full suite of nationally accredited automotive apprenticeships and traineeships in the fields of Light Vehicle, Heavy Vehicle, Motorcycle, Mobile Plant, Automotive Body Repair, Refinishing and more.

In addition, accredited short courses are available for Battery Electric Vehicles and Hybrid Electric Vehicles and for licensing requirements in Automotive Air-Conditioning, Motor Vehicle Sales, Dealers and Wreckers.

Benefits include:

- **Trainers with extensive industry experience geographically dispersed across Queensland**
- **On-site one-on-one workplace training**
- **Flexibility in meeting employer arrangements**
- **State-of-the-art training facility**
- **Online learning capability**
- **Pathway to motorsports**
- **Apprentice of the Month and Year Awards**
- **Links to employers that are members of MTA Queensland**
- **Access to jobs board**
- **Graduation ceremonies**
